3.2 Architectural Control of Improvement Location. Regardless of the establishment of the overall setbacks under this Article, the Architectural Control Committee shall have and retain the full authority granted to it under Article VIII to control the placement of any improvements on the Sites or Units, and it may require in appropriate cases that improvements be set back farther or nearer than the distance established under this Article.

4.1 No Subdivision Without Approval. No Site or Unit may be subdivided and sold except by submission to the Declarant of a detailed survey showing the proposed new boundary line, the proposed location or relocation of easements, the proposed location and nature of improvements, and any other items requested by the Declarant. No proposed subdividing shall be effective in any way without prior written approval by the Declarant, which approval may be withheld if such subdivision would not accord with Declarant's overall plan of development, or would overtax available water and sewerage resources of the planned unit development. Notwithstanding any approval by Declarant, no Site or Unit may be subdivided until such subdivision has received the approval of all governmental entities who may have authority over such subdivision by virtue of Colorado or Federal law. There shall be no subdivision of any Site which has been designated for use as single family residence on the Plat.

4.2 Conveyance of Sites or Units. A Site or Unit may be conveyed or sold under appropriate Colorado or Federal law. No Site or Unit may be developed or improved by the Owner thereof without the submission of such plan of development or improvement to the Association and approval of such plan by the Association as provided in Article VIII hereof. Such approval shall not be unreasonably withheld.

ARTICLE V - COMMON AREAS

5.1 Right to Use; Assessments. Title to the Common Areas and Facilities will be conveyed to the Association by Declarant, free and clear of any liens and encumbrances, except the easement and restrictions created hereby. Each Owner shall have a right and easement of use and enjoyment of the Common Areas. Such easement shall apply to the guests of Owners, and such other persons as may from time to time be authorized by the Association. The use of the Common Areas shall be subject to such rules and regulations as the Association may prescribe and may be subject to suspension of voting rights and right to use facilities as provided in the Bylaws of the Association for the failure of an Owner to pay an assessment when due or for a violation of the provisions of this Declaration.

5.2 Expenses. The Common Expenses associated with the Common Area shall be borne by the Association and shall be prorated as set forth in Article VI hereof and the Bylaws of the Association.

ARTICLE VI - ASSOCIATION

6.1 Creation. The Declarant has caused a nonprofit corporation ("Association"), "Meridian Lake Park Corporation," to be formed under the laws of the State of Colorado.

6.2 Membership. The Owner or Owners of each Site or Unit, including any Site or Unit owned by the Association, shall be entitled to one membership in the Association per Site or Unit and such membership shall continue as long as such member is an Owner. In the case

of subdivision of a Site in accordance with paragraph 4.1 herein, each subdivided Site or Unit created thereby shall be entitled to one membership.

6.3 Representative of Owners. The Owner of each Site or Unit and, in the event that a Site or Unit or subdivided portions thereof are owned by more than one person, then all such Owners or the governing body representing such Owners, as appropriate, shall designate in writing to the Association the person entitled to represent and to cast the vote for such Site or Unit.

6.4 Duties. The Association shall have the duty of providing management, maintenance, repair, landscaping, and, should the same be authorized, improvements for the common areas and facilities, set forth in the Plat and described herein, and for all easements described in Article II hereof. It shall further be responsible to provide such insurance as may be necessary or desirable with respect to the common area and with respect to such easements. The Association may employ a managing agent to perform its duties hereunder. Such agent shall have the powers and duties set forth in the Bylaws of the Association.

6.5 Assignment and Delegation by Declarant. It is contemplated that the Declarant may from time to time transfer, assign, and delegate those powers and rights reserved to it under this Declaration, together with the obligations attendant thereof, to the Association. Upon approval of the Association, it shall then be the responsibility of the Association to recognize and to exercise such powers, rights and obligations. At such time as the Declarant shall have sold seventy-five percent (75%) of the Sites or Units contained in all of the Land, it shall assign and delegate all of those powers and rights reserved to the Declarant under this Declaration, together with the obligations attendant thereof to the Association.

6.6 Costs of Association. The Association shall perform its duties and obligations upon a cost basis and shall have the right to establish appropriate cash reserves to insure the performance of its duties and obligations. Initially the Association will enter into a management agreement with the Declarant or his designee for a minimum period of five (5) years from the date of recording of this Declaration, which agreement shall provide for the performance of its obligations on a cost plus overhead basis.

~~6.7 Assessments. The common expenses incurred by the Association in its operation shall be borne by the owners upon an assessment basis. Each owner of a Site or Unit (or subdivision thereof) by acceptance of a deed therefor, whether or not so expressed in such deed or other conveyance, shall be deemed to covenant and agree to pay to the Association his respective assessment as herein provided. Each owner shall be responsible for an equal fractional proportion of the total assessment with the owners of all other Sites and Units in the development. The assessments made shall be based upon the cash requirements deemed to be such aggregate sum as the Board of Managers of the Association shall from time to time determine is to be paid by all of the owners, including Declarant, for unsold Sites and Units, to provide for the payment of all estimated expenses incurred in~~ *See Amendment*

~~connection with the maintenance and operation of the Common Areas and Facilities, which sum may include, but is not limited to, expenses of operation, management, taxes and special assessments until separately assessed, insurance premiums on common areas and buildings thereon (including fire insurance with extended coverage, vandalism and malicious mischief insurance, public liability and other insurance landscaping and care of grounds, common lighting and heating, repairs and renovations, trash and garbage collections, wages, common water and sewage service operating expenses and other common utility charges, legal and accounting fees, management fees, expenses and liabilities incurred by the Resident Manager, or Board of Managers, under or by reason of this Declaration, the payment of any deficit remaining from a previous assessment period, the creation of a reasonable contingency or other reserve or surplus fund as well as other costs and expenses relating to the Common Areas. Assessments shall also include the cost of exterior maintenance expense of an Owner's Site or Unit if such maintenance is undertaken by the Association pursuant to Article XI hereof. The omission or failure of the Board to fix the assessment for any assessment period shall not be deemed a waiver, modification or a release of the owners from their obligation to pay. The assessments for estimated Common Expenses shall be due monthly in advance and the Board of Managers or Managing Agent shall prepare and deliver or mail to each owner an itemized statement showing the estimated or actual expenses for the assessment period and the proportionate amount due by such owner. No owner may exempt himself from liability for his contribution towards the Common Expenses by waiver of the use or enjoyment of any of the Common Areas or by abandonment of his Site or~~

6.8 Lien for Assessments. All sums assessed but unpaid for the share of Common Expenses chargeable to any Site or Unit shall constitute a lien on such Site or Unit superior to all other liens and encumbrances, except for:

- a. Tax and special assessment liens on the Site or Unit in favor of any assessing unit.
- b. All sums unpaid on a first mortgage or first deed of trust of record, including all unpaid obligatory sums as may be provided by such encumbrance.

If any assessment shall remain unpaid after fifteen days after the due date thereof, the Board of Managers or Resident Manager may impose a penalty on such defaulting Owner in an amount equal to one percent (1%) of such assessment. Likewise, a penalty equal to one percent (1%) of the unpaid assessment may be imposed on the first day of each calendar month thereafter so long as such assessment shall be unpaid.

To evidence the lien as above provided, the Board of Managers or Resident Manager may, but shall not be required to, prepare a written notice setting forth the amount of such unpaid indebtedness, the amount of accrued penalty thereon, the name of the Owner of the Site or Unit and a description of the Site or Unit. Such a notice shall be signed by one of the Board of Managers and may be recorded in the office of the Clerk and Recorder of Gunnison County, Colorado. Such

lien for assessment shall attach from the due date of the assessment. Such lien may be enforced by foreclosure of the defaulting Owner's Site or Unit by the Association in like manner as a mortgage on real property upon the recording of a notice or claim thereof. In the event of any such foreclosure the Owner shall be liable for the amount of unpaid assessments, any penalties thereon, the costs and expenses for filing the notice or claim of lien and all reasonable attorney's fees. The Association shall have the power to bid on the Site or Unit at foreclosure sale and to acquire and hold, lease, mortgage and convey the same.

6.9 Personal Obligation of Owner. The amount of the common expenses assessed against such Site or Unit shall also be a personal obligation of the Owner thereof at the time the assessment is due. Suit to recover a money judgment for unpaid assessments, and any penalties thereon shall be maintainable without foreclosing or waiving the lien securing same.

6.10 Payment by Encumbrancer. Any encumbrancer holding a lien on a Site or Unit may pay any unpaid assessment payable with respect to such Site or Unit, and upon such payment such encumbrancer shall have a lien on such Site or Unit for the amounts paid of the same priority as the lien of his encumbrance.

ARTICLE VII - LAND USE

7.1 Residential Use. The Land shall be restricted to residential use and no commercial enterprise or use shall be permitted. Construction, maintenance, and operation of lodges and rental condominiums or townhouses shall not be deemed a commercial activity. The maintenance of eating or drinking facilities in a lodge, or similar living accommodation, on a Site or Unit for the sole use of the guests of such lodge and their invitees, and not for use by the general public, shall not be deemed a commercial activity.

7.2 Specific Restrictions. In addition to the foregoing, the following restrictions on use of the Land are imposed:

(a) In General. No noxious or offensive activities shall be conducted on any Sites or Units on the Land, nor shall anything be done or be caused to be done to any of said Sites or Units that shall become or be an unreasonable annoyance or nuisance to any Owner of another Site or Unit.

(b) Animals. No animals shall be kept or maintained on the Land, except the usual domestic household pets; and in such case, such household pets shall be kept confined to the Owner's Site or Unit or attached to a leash so as not to become a nuisance. No animals may be raised for commercial purposes, provided, however, that the Common Areas may be utilized by the Association for riding stables and bridle paths.

(c) Limited Access. There shall be no access to any Site or Unit on the perimeter of the Land except from designated

roads within the Land.

(d) Fences. No fences, walls, or other barriers shall be permitted for the purpose of enclosing or demarcating Site or Unit boundaries. Other fences and the like shall be subject to architectural control under Article VIII.

(e) Drainage. Since the Land is situated in mountainous terrain, there will be a substantial amount of natural surface water drainage and runoff flowing over the area. No owner or other persons shall interfere with or redirect the natural course of any such drainage and runoff so as to cause an unnatural flow onto or across the land of another.

(f) Temporary Structures. No temporary structure, excavation, basement, trailer, or tent, shall be permitted on the Land, except as may be necessary during construction or as authorized by the Committee.

(g) Water and Sewage. Each structure designed for occupancy or use by humans shall connect with water and sewage facilities provided for by the Declarant. No private well shall be permitted on the Land, nor shall any facility other than those provided for use by the public be used for the disposal of sewage. Mechanical garbage disposal facilities shall be provided and maintained in each kitchen or food preparing area.

(h) Unsightliness. No unsightliness shall be permitted on any Site or Unit. Without limiting the generality of the foregoing:

- i. All unsightly structures, facilities, equipment, objects, and conditions shall be enclosed within an approved structure.
- ii. Service areas and facilities for hanging, drying, or airing clothing or fabrics shall be enclosed by an approved structure.
- iii. Pipes and/or tanks for water, gas, oil, sewer, drainage, or other purposes; wires, poles, utility meters, and other utility facilities; and sewage disposal systems or devices shall be enclosed by an approved structure or shall be below the surface of the ground. If, at the time of the occupancy of any structure, connections to nearby underground electric lines or telephone lines are not available, then temporary poles or wires for electric or telephone service, as the case may be, may be installed to a reasonably necessary height provided that they shall be promptly removed at the expense of the Owner after such connections become available.
- iv. The size and location of any exterior television or radio antenna shall be subject to prior written approval by the Committee which may, in its discretion, forbid the installation of any such exterior

antenna.

(i) Signs. No signs or advertising devices of any nature shall be erected or maintained on any of the Land except as necessary to identify the name or ownership of the particular Site or Unit and its address; except as necessary or desirable to give directions, advise of rules and regulations, or caution or warn of danger; and except as may otherwise be necessitated by law. Any signs which are permitted under the foregoing restrictions shall be erected or maintained on the Land only with prior written approval by the Committee. Approval shall be given only if such signs are of attractive design and are as small in size as is reasonably possible. Signs shall be placed or located as directed or approved by the Committee. One criterion which shall be considered by the Committee in determining sign approval shall be whether the names and logograms selected lend identity to a particular facility and will be easily susceptible to graphic treatment and promotional efforts. Under no circumstances shall neon or brightly lighted signs or self-lighted signs be permitted.

(j) Lawn Watering. In order to maintain the rustic nature of the Land, watering of lawns or gardens shall not be permitted, except upon prior written approval by the Declarant.

(k) Maintenance. All Sites and Units, including all improvements thereon, shall be kept and maintained by the owner thereof in a clean, safe, attractive, and sightly condition and in good repair. Failure to comply with this provision shall subject the Site or Unit to the provisions of Article XI wherein repairs and maintenance may be made for the owner at his expense. An owner shall do no act or work that will impair the structural soundness of the building or impair any easement or hereditament.

(l) Light, Sounds and Odors. No light shall be emitted from any Site or Unit which is unreasonably bright or causes unreasonable glare, no sound shall be emitted on any Site or Unit which is unreasonably loud or annoying, and no odor shall be emitted on any Site or Unit which is noxious or offensive to others.

(m) Refuse. No refuse, including without limitation trash, garbage, lumber, grass, shrub or tree clippings, plant waste, compost, ashes, metals, bulk materials, and scrap materials shall be allowed to accumulate on any Site or Unit. Each Owner shall provide suitable covered noiseless receptacles for the collection of such refuse in preparation for regularly scheduled periodic pickup. Refuse shall be stored for such pickup in such containers which shall, in turn, be enclosed in an approved structure so as to be screened from public view and protected from disturbance. No refuse may be thrown or dumped on any of the Land. The burning of refuse out of doors shall not be permitted. No incinerators or other devices for the burning of refuse indoors shall be constructed, installed, or used by any person except as approved by the Declarant.

OMITTING RESTRICTIONS HEREIN, IF ANY,
BASED ON RACE, COLOR, RELIGION OR NATIONAL ORIGIN.

(n) Parking and Storage. Parking of vehicles on any Site or Unit is permitted only within parking spaces constructed pursuant to approval by the Committee, except that vehicles may be parked in other areas while loading and unloading. Except for automobiles, station-wagon-type vehicles, jeep-type vehicles, pickup trucks, and bicycles, other vehicles and all articles and implements, including without limitation trailers of all types, other types of trucks, self-powered or other mobile homes, boats, tractors, campers not mounted on pickup trucks, snow removal equipment, and garden maintenance equipment, shall be parked or stored on the Land only in an approved enclosed structure.

(o) Hazardous Activities. No activities shall be conducted on any Site or Unit, and no improvements shall be constructed on any Site or Unit, which are or might be unsafe or hazardous to any person or property. Without limiting the generality of the foregoing, no firearms shall be discharged upon the Land. No open fires shall be lighted or permitted on the Land except in a contained barbecue unit while attended and in use for cooking purposes or except in a safe and well-designed interior fireplace or except such controlled and attended fires as are required for clearing or maintenance of Land.

(p) Occupancy. No portion of any Site or Unit shall be used for residence, living, or sleeping purposes other than rooms designed for such purposes in a completed structure. No living or sleeping room in any structure shall be used for living or sleeping purposes by more persons than it was designed to accommodate.

(q) Mining and Drilling. No Site or Unit shall be used for the purpose of mining, quarrying, drilling, boring, exploring for, or removing water, oil, gas other hydrocarbons, minerals, rocks, stones, gravel, or earth.

Specifically, and without limitation, the Committee shall approve the exact location of all improvements and the exterior building materials therefor; the ground floor area, the height, and the number of rooms and of units in all structures; and the number of, and the arrangement of, parking spaces as well as the design of vehicular access thereto.

8.3 Rules and Procedures. The Committee may in its discretion set forth guidelines for the assistance of Owners regarding particular aspects of the architectural control to be exercised under this article. Further, the Committee shall adopt and reduce to writing a uniform set of rules and procedures for processing the materials submitted to it for approval. It will also list the items which will be required to be submitted to the Owner for any proposed improvements and the time(s) for such submissions. Such guidelines, rules, procedures, and lists shall be made available to all Owners and prospective Owners through the secretary of the Committee.

8.4 Submissions to Committee. The Committee may require any Owner or prospective Owner to submit any or all of the following material. This list shall not be deemed to limit the Committee in requiring any other materials.

- c. Except for the original improvements, the erection of a skeleton outline of the proposed improvement so as to determine the over-all effect of the proposed improvement with respect to height, view, and general harmony.

The Owner or proposed Owner, his architects, engineers, and/or contractors, shall meet with the Committee, upon reasonable notice of such meeting, in order to facilitate the processing and approval of improvement plans. The failure of the Committee to approve or disapprove plans within the period described in this paragraph shall constitute evidence of Committee approval. Any approval or disapproval by the Committee shall be in writing.

8.6 Majority Approval; Architect's Consent. Committee approval shall be by a majority of the Committee.

8.7 No Construction Without Approval; Title Documents. No work with respect to the construction of improvements shall be commenced unless and until written approval of the Committee has been given or through the lapse of time following submission of material as above provided. 8.8 Variance. ARTICLE IX - CONSTRUCTION OF IMPROVEMENTS

9.1 Period of Construction. All improvements constructed upon the Land shall be completed within nine months from the date of Site preparation or excavation (which preparation shall not be unreasonably begun) unless written permission granting an extension of time is obtained from the Declarant or unless construction is delayed by strikes, war, riot, or acts of God. In order to assure compliance with the provisions hereof, the Declarant may require such ~~assurances~~ as it may deem advisable from the Owner, from the general contractor and/or subcontractors, and/or from the interim or permanent lender financing the cost of any improvements. At the discretion of the Declarant, such assurance may be a completion and construction bond with the Declarant named as an obligee thereunder, a per diem dollar amount of penalty for failure to make timely completion, or any other device or method commonly used to assure completion of improvements.

9.2 Failure to Construct. Upon any failure to construct improvements, the Declarant may specifically enforce the terms of any contractual option which it may have to reacquire a Site.

10.6 Arbitration. In the event of any dispute arising concerning a party wall, or under the provisions of this Article, each party shall choose one arbitrator, and such arbitrators shall choose one additional arbitrator, and the decision of a majority of all the arbitrators shall be final and conclusive of the question involved.

ARTICLE XI - ENFORCEMENT

11.1 By Whom. The provisions of this Declaration may be enforceable by the Declarant, by the Association, or by any Owner. An Owner shall have the right to enforce the provisions of this declaration only after giving the Declarant notice of an alleged violation of the provisions hereof and upon failure of the Declarant to initiate remedial action as hereinafter provided within thirty days after receipt of such notice. Each Owner (indemnitor) shall indemnify and hold harmless each of the other Owners and the Association from and against all liability arising from the claim of any lien against the Land of any other Owner or against the Common Areas for construction performed or for labor, materials, services or other products.

13.8 Right to Mortgage. Any Owner shall have the right from time to time to mortgage or encumber his interest by deed of trust, mortgage or other security instrument. 13.9 Assignment. The Declarant may from time to time transfer, assign, and/or delegate its powers, rights, and obligations under this declaration to the Association, except as otherwise specifically provided herein. The Declarant shall be deemed to have assigned such powers, rights, and obligations to the Association upon its bankruptcy, or dissolution. Such transfer, assignment, and/or delegation shall be effected by the recording with the Clerk and Recorder of Gunnison County a notice identifying this Declaration and specifically describing the provisions thereof affected by such transfer.

The Owners shall have the right to amend, delete, or supplement any provision of this Declaration by means of any affirmative vote given by the Owners of four-fifths of the Sites and Units.
